Dear

Dr. Willard F. Libby,
Commissioner
U. S. Atomic Energy Commission
Washington 25, D. C.

Dear Bill:

We were sorry to hear of your decision to retire from the Atomic Energy Commission and return to private life. My staff and I have enjoyed very much our association with you during the years you have been here in Washington. During these years, you have provided great support both directly and indirectly to our intelligence activities and we appreciate the important contributions you have given to our knowledge of foreign atomic energy programs.

I do hope that you will allow us to continue to call on you for help and assistance from time to time in the future. In turn, please feel free to call on us if we can be of assistance in your future work.

Wishing you all future success in your professorship at UCLA.

Sincerely,

SIGNED
